OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS

In re SRBA Case No. 39576	PARTIAL FINAL DECREE FOR Federal Reserved Water Right 67-13514 (Spring or Fountain)

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Section 29 Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 20N, Range 1W, Section 29, SW¼ NE¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 20N, Range 1W, Section 29, SW¼ NE¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Butterfield 4 Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 20N, Range 2W, Section 34, SE¼ NE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 20N, Range 2W, Section 34, SE¼ NE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

In re SRBA Case No. 39576	PARTIAL FINAL DECREE FOR Federal Reserved Water Right 77-13349 (Spring or Fountain)

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 24N, Range 5E, Section 28, SW¼ NW¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 24N, Range 5E, Section 28, SW¼ NW¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

8. Place of use	Township 24N, Range 5E, Section 09, NE¼ SW¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS

In re SRBA Case No. 39576	PARTIAL FINAL DECREE FOR Federal Reserved Water Right 77-13944 (Spring or Fountain)

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 24N, Range 5E, Section 34, SE¼ NW¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 24N, Range 5E, Section 34, SE¼ NW¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

SRBA - DISTRICT COURT

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 24N, Range 5E, Section 29, NE¼ SE¼ SE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 24N, Range 5E, Section 29, NE¼ SE¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

7. Period of use	January 1 to December 31
8. Place of use	Township 24N, Range 5E, Section 33, NW¼ NW¼ NW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

DISTRICT COURT

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 24N, Range 5E, Section 33, SE¼ SW¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 24N, Range 5E, Section 33, SE¼ SW¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 23N, Range 1W, Section 09, SW¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS

In re SRBA Case No. 39576	PARTIAL FINAL DECREE FOR Federal Reserved Water Right 78-11325 (Spring or Fountain)

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 23N, Range 1E, Section 27, NW¼ SW¼ SE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 23N, Range 1E, Section 27, NW¼ SW¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

8. Place of use	Township 21N, Range 1E, Section 25, NW¼ NW¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO IN AND FOR THE COUNTY OF TWIN FALLS

In re SRBA Case No. 39576	PARTIAL FINAL DECREE FOR Federal Reserved Water Right 78-12056 (Spring or Fountain)

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 23N, Range 1W, Section 25, NE¼ NE¼ NE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 23N, Range 1W, Section 25, NE¼ NE¼ NE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

2. Source of water	Mckinzie Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 27N, Range 2E, Section 10, SW¼ NE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 27N, Range 2E, Section 10, SW¼ NE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. 9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Grave Point Spring 2
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 27N, Range 1E, Section 30, SW¼ SE¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 27N, Range 1E, Section 30, SW¼ SE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

TWIN FALLS CO., IDAHO

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Peter Ready Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 27N, Range 3E, Section 14, NE¼ NW¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 27N, Range 3E, Section 14, NE¼ NW¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

8. Place of use	Township 28N, Range 4E, Section 15, SE¼ SE¼ NW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Unnamed Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 26N, Range 4E, Section 02, NW¼ SE¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 26N, Range 4E, Section 02, NW¼ SE¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.

8. Place of use	Township 29N, Range 8E, Section 31, SW¼ SE¼ NE¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

1. Name and address of owner:	UNITED STATES OF AMERICA, as trustee for the benefit of the NEZ PERCE TRIBE, acting through the AREA DIRECTOR, PORTLAND AREA OFFICE Bureau of Indian Affairs 911 N.E. 11th Ave. Portland, OR 97232
2. Source of water	Red Rock Spring
3. Quantity of right	Up to one-half of the natural flow
4. Priority date	Time immemorial
5. Point of diversion	Township 27N, Range 1W, Section 17, SW¼ SW¼
6. Purpose of use	Human consumption, livestock watering, wildlife watering, cultural, and ceremonial purposes.
7. Period of use	January 1 to December 31
8. Place of use	Township 27N, Range 1W, Section 17, SW¼ SW¼
9. Annual volume of consumptive use	Up to one-half of the natural flow.
10. Other provisions necessary for definition or administration of this water right	a. This water right is held by the United States as trustee for the benefit of the Nez Perce Tribe pursuant to the terms of Article 8 of the Nez Perce Treaty of June 9, 1863, 14 Stat. 647, which provides that the subject spring is held by the United States as a "watering place[] for the use in common of both whites and Indians." This water right is a reserved right under federal law and is not subject to loss for nonuse. b. Quantification of this water right as up to one-half of natural flow quantifies the diversion amount only and does not imply a flow maintenance right.

c. This water right does not include the right to divert water away from the immediate vicinity of the spring.

d. The source spring for this water right is located on federal land. This water right shall not be used as the basis to preclude the federal land management agency from managing federal land in the vicinity of the spring or from permitting use of any water right that the land management agency may have for use of this source; provided that no such management or water use shall preclude or interfere with the Tribe's exercise of this water right.

e. This water right shall not be implied to prohibit the issuance or confirmation of state-based water rights from this same water source, provided that no such water right shall preclude or interfere with the exercise of this water right.

IT IS SO ORDERED.
